Matrox G200 MMS
Model MG200MMS
<i>Matrox</i>
Reinforcing its position as a multi-monitor trailblazer, Matrox Graphics Inc. has once again developed the most flexible and highly advanced solution in the industry. Introducing the new Matrox G200 Multi-Monitor Series; the first graphics card ever to support up to four DVI digital flat panel displays on a single 8" PCI board. With continuing demand for digital flat panels in the financial workplace, the Matrox G200 MMS is the ultimate in flexible solutions. The Matrox G200 MMS also supports the new digital video interface (DVI) created by the Digital Display Working Group (DDWG) designed to ease the adoption of digital flat panels. Other configurations include composite video capture ability and onboard TV tuner, making the Matrox G200 MMS the complete solution for business needs. Based on the award-winning MGA-G200 graphics chip, the Matrox G200 Multi-Monitor Series provides superior 2D/3D graphics acceleration to meet the demanding needs of business applications such as real-time stock quotes (Versus), live video feeds (Reuters & Bloomborgs), multiple windows applications, word processing, spreadsheets and CAD.

Hewlett Packard LaserJet 1100Xi
Model HPLJ1100XI
<i>Hewlett Packard</i>
<p>HP has always set the pace in laser printing technology. The new generation HP LaserJet 1100 series sets another impressive pace, delivering a stunning 8 pages per minute print speed. The 600 dpi print resolution with HP's Resolution Enhancement technology (REt) makes every document more professional. Enhanced print speed and laser quality results are just the beginning. With 2MB standard memory, HP LaserJet 1100xi users will be able to print increasingly complex pages. Memory can be increased to 18MB to tackle even more complex documents with ease. The HP LaserJet 1100xi supports key operating systems including Windows 3.1, 3.11, 95, 98, NT 4.0, OS/2 and DOS. Network compatibility available via the optional HP JetDirect External Print Servers. HP LaserJet 1100xi also features The Document Builder for the Web Era from Trellix Corp. (featuring software to create Web documents).</p>

SWAT 3: Close Quarters Battle
Model PC-SWAT3
Sierra
Windows 95/98/2000 in progress with shots fired. Officer down. Armed suspects with hostages. Respond Code 3! Los Angeles, 2005, In the next seven days, representatives from every nation around the world will converge on Las Angeles to witness the signing of the United Nations Nuclear Abolishment Treaty. The protection of these dignitaries falls on the shoulders of one organization, LAPD SWAT. As part of this elite tactical organization, you and your team have the weapons and all the training necessary to protect, to serve, and "When needed" to use deadly force to keep the peace. It takes more than weapons to make it through each mission. Your arsenal includes C2 charges, flashbangs, tactical grenades, opti-Wand mini-video cameras, and other devices critical to meeting your objectives and keeping your men free of injury. Uncompromised Duty, Honor and Valor!

Disciples: Sacred Lands
Model PC-DISC
<i>GT Interactive</i>
A new age is dawning...Enter the realm of the Sacred Lands, where the dawn of a New Age has set in motion the most momentous of wars. As the prophecies long foretold, four races now clash with swords and sorcery in a desperate bid to control the destiny of their gods. Take on the quest as a champion of the Empire, the Mountain Clans, the Legions of the Damned, or the Undead Hordes and test your faith in battles of brute force, spellbinding magic and acts of guile. Slay demons, vanquish giants and combat merciless forces of the dead and undead. But to ensure the salvation of your god, the hero within must evolve. The day of reckoning has come... and only the chosen will survive.
90.00 GBP

The Wheel Of Time
Model PC-TWOF
<i>GT Interactive</i>
The world in which The Wheel of Time takes place is lifted directly out of Jordan's pages; it's huge and consists of many different environments. How you navigate the world will depend largely on which game - single player or multiplayer - you're playing. The single player experience, with a few exceptions, will see Elayna traversing the world mainly by foot (with a couple notable exceptions). In the multiplayer experience, your character will have more access to travel via Ter'angreal, Portal Stones, and the Ways. However you move around, though, you'll quickly discover that means of locomotion can easily become the least of your worries...During your travels, you quickly discover that four locations are crucial to your success in the game. Not surprisingly, these locations are the homes of The Wheel of Time's main characters. Some of these places are ripped directly from the pages of Jordan's books, made flesh with Legend's unparalleled pixel-pushing ways. Other places are specific to the game, conceived and executed with the intent of expanding this game world even further. Either way, they provide a backdrop for some of the most intense first person action and strategy you'll have this year.
